

Safeguarding Guide For parents and carers

We all have a responsibility to keep our children safe and happy

What is safeguarding?

Schools have a statutory responsibility to keep children safe from harm. The National Society for the Prevention of Cruelty to Children (NSPCC) defines safeguarding as:

- Protecting children from abuse and maltreatment
- Preventing harm to children's health or development
- Ensuring children grow up with the provision of safe and effective care
- Taking action to enable all children and young people to have the best outcomes

What are schools expected to do?

Schools must comply with the current safeguarding guidance from the Department for Education, called Keeping Children Safe in Education. This means, for example:

- Having a designated safeguarding lead (DSL), who is trained to support staff, contribute to assessing children and liaise with other agencies
- Having a safeguarding policy, and procedures covering specific safeguarding issues
- Ensuring that adults working in the school are safe to work with children, by carrying out background checks (through the Disclosure and Barring Service) and having someone on interview panels who is trained in 'safer recruitment'
- Ensuring that all staff receive safeguarding and child protection training, and that this is regularly updated.

At Moat Farm Infant School the designated safeguarding leads are:

Mrs Walker

Mrs Davis

Miss Skidmore

Mrs George

Miss McDonald

If you have any child protection concerns about a child you meet at Moat Farm Infant and Nursery School, you should immediately report these to a member of staff. If you feel a child is at risk, or is the subject of abuse, you should contact one of the Designated Safeguarding Leads.

Please ask to see our Safeguarding Policy if you require more information. The Policy and all other related Policies are also available on our website:

- Marks or bruising on a child.
- Significant changes in a child's behaviour.
- Changes in a child's appearance e.g. untidy, dirty, child losing weight.

Most concerns will be unfounded but we will investigate them all thoroughly to ensure the safety of the children. We will seek advice from Children's Services and make referrals on their advice.
