

Acceptable Use Agreement For Visitors and Contractors Moat Farm Infant School

Background

We ask all children, young people and adults involved in the life of Moat Farm Infants to sign an Acceptable Use Policy, which outlines how we expect them to behave when they are online, and/or using school networks, connections, internet connectivity and devices, cloud platforms and social media.

Visitors and contractors are asked to sign this document before they are allowed access to the school or its pupils. Many of these rules are common sense - if you are in any doubt or have questions, please ask.

Further details of our approach to online safety can be found in the overall school Online Safety Policy

If I have any questions during my visit, I will ask the person accompanying me.

What am I agreeing to?

See the following Acceptable Use agreement:

Acceptable use of the ICT Systems and Internet Agreement

Visitors, Volunteers and Contractors

ACCEPTABLE USE OF THE SCHOOL'S ICT SYSTEMS AND INTERNET: VOLUNTEERS, VISITORS AND CONTRACTORS

Name of visitor/volunteer/contractor:

When using the school's ICT systems and accessing the internet in school, or outside school on a work device (if applicable), I will not:

- Access, or attempt to access inappropriate material, including but not limited to material of a violent, criminal or pornographic nature (or create, share, link to or send such material)
- Use them in any way that could harm the school's reputation
- Access social networking sites or chat rooms
- Use any improper language when communicating online, including in emails or other messaging services
- Install any unauthorised software, or connect unauthorised hardware or devices to the school's network
- Share my password with others or log in to the school's network using someone else's details
- Take photographs of pupils without checking with teachers first
- Share confidential information about the school, its pupils or staff, or other members of the community
- Access, modify or share data I'm not authorised to access, modify or share
- Promote private businesses, unless that business is directly related to the school

I will only use the school's ICT systems and access the internet in school, or outside school on a work device, for educational purposes or for the purpose of fulfilling the duties of my role.

I agree that the school will monitor the websites I visit and my use of the school's ICT facilities and systems.

I will take all reasonable steps to ensure that work devices are secure and password-protected when using them outside school, and keep all data securely stored in accordance with this policy and the school's data protection policy.

I will let the designated safeguarding lead (DSL) and IT manager know if a pupil informs me they have found any material that might upset, distress or harm them or others, and will also do so if I encounter any such material.

I will always use the school's ICT systems and internet responsibly, and ensure that pupils in my care do so too.
